

Congress of the United States  
House of Representatives

April 26, 2022

The Honorable Rosa DeLauro  
Chair  
House Appropriations Committee  
H-307 The Capitol  
Washington, D.C. 20515

The Honorable Kay Granger  
Ranking Member  
House Appropriations Committee  
1036 Longworth House Office Building  
Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Flood Pump Station in Lebanon Junction in fiscal year 2023.

The entity to receive funding for this project is the City of Lebanon Junction, located at 271 Main Street, Lebanon Junction, Kentucky 40150.

The funding would be used to construct a flood pump station to alleviate flooding that occurs with the existing flood wall to the topography of the watershed. Specifically, if constructed the flood pump station would expel water that drains and is detained by the flood wall while the Rolling Fork River is at flood stages.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

BRETT GUTHRIE  
Member of Congress
